RE: Notice of Return on Investment/Parent Notification

Dear Parent or Guardian:

A provision within Chapter 2014-184, Laws of Florida, requires district school boards to notify the parent or guardian of a student earning industry certifications providing postsecondary credit of estimated cost savings associated with tuition and fees for those postsecondary credits. The Monroe County School District's (MCSD) Career and Technical Education division offers additional industry certifications in the high schools for which post-secondary credit may be awarded.

The table below indicates the Return on Investment (ROI) for each certification offered by Monroe County School District with a statewide articulation agreement and identified postsecondary credit.

Certification	Certification Code	AS Program of Articulation	Articulated Credit	Average Tuition and Fees Per Credit	State College Savings	Cost of Industry Certification Exam	Return on Investment
